Project Use	<input type="checkbox"/> Single Family	<input type="checkbox"/> Multi-family	<input type="checkbox"/> Commercial	<input type="checkbox"/> Industrial	<input type="checkbox"/> Other
Describe Project and Building Use in Detail					

IV. PLAN REVIEW REQUIREMENTS

Plans and specifications must be submitted when the wiring or alteration to an electrical system is over 400 amps and the building is in excess of 3,500 square feet in area; or the project is of unusual design. Such plans shall be prepared or under the direct supervision of an architect or engineer licensed pursuant to Act No. 299 of the Public Acts of 1980, as amended, and shall bear that architect's or engineer's signature and seal.

Indicate the rating of the service or feeder in ampere	Indicate the size of the building in square feet
Indicate if plans are being submitted along with this application	
<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Not required <input type="checkbox"/> Submitted with building permit application	

Note: required plans shall be submitted prior to the issuance of a permit.

V. Signature of Applicant

X

I hereby certify that the proposed work is authorized by the owner of record and that I have been authorized by the owner to make this application as his/her authorized agent, and we agree to conform to all applicable laws of Washington Township and the State of Michigan. All information submitted on this application is accurate to the best of my knowledge.

Section 23a of the state construction code act of 1972, 1972 PA 230, MCL 125, 1523A, prohibits a person from conspiring to circumvent the licensing requirements of this state relating to persons who are to perform work on a residential building or a residential structure. Violators of Section 23a are subject to civil fines.

Signature of Licensee of Homeowner (Homeowner signature indicates compliance with Section VI Homeowner Affidavit)	Date
---	------

VI. HOMEOWNER AFFIDAVIT

I hereby certify the electrical work described on this permit application shall be installed by myself in my own home in which I am living or about to occupy. All work shall be installed in accordance with the Electrical Code and shall not be enclosed, covered up, or put into operation until it has been inspected and approved by the Electrical Inspector. I will cooperate with the Electrical Inspector and assume responsibility to arrange for necessary inspections.

VIII. NOTICE TO APPLICANT

GENERAL: Electrical work shall not be undertaken until an electrical permit is issued. All installations shall be in conformance with the Electrical Code. No work shall be concealed until it has been inspected and approved.

EXPIRATION OF PERMIT: A permit shall become invalid if the authorized work is not commenced within six months after issuance of the permit or if the authorized work is suspended or abandoned for a period of six months after the time of commencing the work. A permit will be cancelled when no inspections are requested and conducted within six months of the date of issuance or the date of a previous inspection. Cancelled permits cannot be refunded or reinstated.
